Ajay is a straight forward, kind, empathetic, easy going and humorous person. He likes to be in the company of like-minded people who are self-less and generous. He likes to share his knowledge and is also a mentor and trainer at Gateway. In his ME time, he indulges himself by playing musical instruments, reading books and cooking. His dream was to join the Indian Navy, but now he wants to be an expert in the field of data science and data analytics. He enjoy spending time with his kid.
