

## Mehul D Nagar

Sr. Engineer  
QA - Automation

AVAILABILITY  
NOVEMBER

EXPERIENCE  
11+ Years

Mehul is a person of cool temperament; he loves reading religious books and keep himself updated with current affairs. While with people, he likes to create a happy and friendly environment with humor and jokes. In his ME time, he likes singing, surfing, spending time with family, sharing family responsibility and cooking. He wishes to do something for under privileged children and poor. Listening music and singing romantic songs makes him happy. Politics and deceit make him unhappy. He believes in working hard and spreading positivity.
