EXPERIENCE  
**6+ Years**

Vishmay is an honest, simple man with brilliant technical skills. He sticks to the deadlines and abhors delay in work. In his free time, he plays games and loves listening to music and spending time with family. He keeps himself updated with new technologies and helps others sharing his technical knowledge

### **EXPERIENCE SUMMARY**

**6+ years of experience consist of .Net C#, SQL, SSRS, MVC, WCF, WebAPI, .Net Core JavaScript, Angular, Web application development.**

- ✓ Interested on R&D related things, New and unknown technologies, dedicated toward coding best practices and cleanliness. Also interested in optimization stuff.
- ✓ Effective in requirement understanding in both on client point of view and development aspects.
- ✓ Used WCF Services, DI framework, working with git, Jira, Webpack.
- ✓ Contributed on grooming and analysis of Jira to understand all the aspects.
- ✓ Previously volunteered on research and development on LightInject, xUnit, and DotNet standard library which is currently used as a reference by other teams.
- ✓ Managed client communication for the project to reduce work load of senior.
- ✓ Automated document generation to speed up the signing process using DocuSign.
- ✓ Started with change requests and bugs, then migrated front end to kendo UI.
- ✓ Optimized inefficient modules to reduce the response time.
- ✓ Developed a challenging web application for shipping companies to help them navigate their ships in the sea.
- ✓ Integrated weather data provider service which provided wind speed, wave speed, etc... for helping ships navigating using the application. The challenging part was effective data communication due to huge amount of data and resuming the download from the point of connection loss, achieved using WCF's streaming capabilities.
- ✓ Worked on an ERP application used by foundry enterprises for managing their ecosystem.
- ✓ Refactored the whole legacy application to reduce bug complains from client,
- ✓ Handled communication for gathering requirements for three months.
- ✓ Worked on an ERP solution for simplifying work of CA enterprise.
- ✓ Contributed additionally on some challenging items of another project of ecommerce site.

## TECHNICAL SKILLS

### SKILLS & DEV TOOLS

C#, ASP.Net, WCF, Javascript, Angular, MVC, MVVM, nodejs(basic)  
SQL Server, SSRS, RDLC  
REST API, JSON, Third party SDK, Third party integration  
Redis, Rabbit mq, xUnit, Moq  
Git, Source Tree, Tortoise SVN, TFS for version control

---

## EDUCATION

- ✓ **B.E.** C.U.Shah college of Engineering and Technology, Wadhwan, Gujarat Technological University,  
CGPA :7.47 out of 10. (2012).
- ✓ **H.S.C** (sci.) Sir Ajitsinhji Govt High School, Dhrangadhra, G.S.E.B., 64.40% (2008).
- ✓ **S.S.C** Sheth shree motilal mulchand vidhyalaya, Dhrangadhra, G.S.E.B., 68.57% (2006).
